📁 Professional Experience

Web Developer

Soltech LLC [🔗](#)

Oct 2017 – present

- Design and Development of custom websites.
- Develop applications in Laravel for security, architecture, and up to date PHP programming.
- Development in VueJs for client-side interactivity and state management.
- Provisioning servers and zero-downtime deployments on Digital Ocean, Heroku, Netlify, and other providers.
- Manage several websites with different Content Management Systems including WordPress, Webflow, Ecwid, and Shopify.
- Provide tech support for companies regarding DNS settings, email, Office 365 administration, website, and software architecture questions.

Team Lead

Garden Gate Nursery LLC [🔗](#)

Apr 2012 -

Oct 2017

Pasco

- Responsible for running the planting and production team. Sped up processes greatly by streamlining day to day tasks and scheduling.
- Handled day-to-day operations and made sure tasks were completed in a timely manner while helping team members as needed.
- Worked with nursery customer relationships and happiness ensuring customers were completely satisfied with the plants and service provided.
- Managed marketing, inventory management, pruning, irrigation, and order fulfillment.
- Set up safety procedures and Safety Data Sheets (SDS) for chemicals used. This included safety meetings, a safety procedure booklet, and notifying employees when chemicals were applied.

University Study

Certificates

Comp Tia A+, Comp Tia Project+

Organisations

Special Olympics

Coach

My time volunteering with the Special Olympics was a wonderful experience. I would recommend anyone to do it. The people are amazing and it is a great way to become a little more focused outward on others rather than yourself.

Interests

Hiking

Playing Guitar & Singing

Writing

One time I had a diary and wrote every day for 2 years, but now I just write on my blogs.

Playing "Dutch Blitz" and "Rook" with friends.

Mostly my wife. She mostly wins.
