CHRISTOPHER WRAY

Full Stack Engineer

Tepic, Nay.

chris@solmediaco.com

5094124220

Hey, I am Chris! I would love to chat with you about joining your team as a full-stack web developer.

If you have a question about my location, please ask me!

My wife was denied entry to the US after we got married. This is when I started doing web development full-time.

We are planning to move to the States once we get her green card, which should be soon. After this, we are open to moving to a variety of places in the States if necessary.

Willing to relocate: Anywhere

Authorized to work in the US for any employer

WORK EXPERIENCE

Full Stack Engineer

Soltech Llc - Tepic, Nay.
October 2017 to Present

I started Soltech Llc to help small businesses market their brands online with better websites.

• Design and develop websites in Webflow to help clients easily manage content and for quickly updating designs.
• Developing applications in Laravel for security, architecture, and up to date PHP programming.
• Frontend interactions and website development with VueJs for client-side interactivity and state management.
• Provisioning servers and zero-downtime deployments on Digital Ocean, Heroku, Netlify, and other providers.
• Manage several websites with different Content Management Systems including WordPress, Webflow, Ecwid, and Shopify.
• Provide tech support for companies regarding DNS settings, email, Office 365 administration, website, and software architecture questions.

Team Lead

Garden Gate Nursery LLC - Pasco, WA
April 2011 to October 2017

• Responsible for running the planting and production team. Sped up processes greatly by streamlining day to day tasks and scheduling.

• Handled day-to-day operations and made sure tasks were completed in a timely manner while helping team members as needed.
• Worked with nursery customer relationships and happiness ensuring customers were completely satisfied with the plants and service provided.
• Managed marketing, inventory management, pruning, irrigation, and order fulfillment.
• Set up safety procedures and Safety Data Sheets (SDS) for chemicals used. This included safety meetings, a safety procedure booklet, and notifying employees when chemicals were applied.

EDUCATION

Bachelor's in Software Development (Still in School)

Western Governors University
August 2020 to Present

Associate in Arts and Sciences

Columbia Basin College - Pasco, WA
2011 to 2013

High school or equivalent

Chiawana Senior High School - Pasco, WA
June 2011
